Dear Judge Larimer,

I hope this letter finds you well.

My hope is that you will allow me through counsel an opportunity to respond to the governments opposition.

I have always said that I never wanted my freedom for free. I wanted to earn it. I am going to prove to you through documentary evidence that (1) I never joined a prison gang, (2) I am not a white Supremacist (3) I never had a phone chip, or envelope, or phone. another inmate who was my cell-mate in a four man cell did, and was wrok up for it, and taken to the S.M.U. for it. (4) I have never used, introduced, or transported drugs in prison, or

outside prison. I have never failed a Drug Screen, or breathalyzer in prison, and I have never been issued a misbehavior report for anything to do with drugs.

All of my students have been African American or Hispanic. One of them is Ivan Ochoa-Torres a Mexican American who was also my cell-mate for years in a 2-man cell. See his enclosed words with his photo. The hard copy will be in my reply.

The Prison Christian Leader, the man I look up to here is a 59 year old African American. His words are enclosed. Also enclosed is a recent photo of Guy Fisher an African American prisoner who has been in prison for over 35 years and has earned a ~~Bachelor~~ from a G.E.D. to a doctorate degree in prison. He has me in a headlock while we are goofing around.

Other photos include my workout partners in 2014-2015 all African Americans.

Now I said some things in my past that I am embarrassed by. But that was when I was ignorant, uneducated, and quite frankly when I was what you correctly said, "A STREET PUNK."

I am not a street punk anymore, and the only gang I am in is The Christian Gang.

If I cannot prove this to you, then I agree I should die in prison. But I assure you I will prove it. If I was violating rules I would be in the S.H.U. I would have writeups, and would have never

been transferred to a low security prison.

I serve a mighty and just God. I pray daily for a heart like David for my defense. My mornings begin listening to Zach Williams "No Longer Slaves" The live version from Harding Prison. It's on mp3 player. I am no longer a slave to sin, I am no longer a slave to fear. I am a child of God. My job is to prove it.

What happens with this motion is up to God. If I am still in prison 2 years from now I plan to send you 50 more rehabilitative certificates, 50 more attestments from prisoners who are doing the right thing, 50 more photos, and I hope another degree.

I am never giving up.

Always For The Cause of Justice
And Peace

Chad is a great man I was his celly for about 3 years and we work out together and played sports together and i always saw how much he has changed and has helped a lot of people get out of prison.. He has always told me that it was time after all these years being in prison that he has changed and wants to be home with his mother that's getting old and needs him. He also helped me get my GED and MY DEGREE when I was getting ready to quit because I thought I could not make it. He told me not to give up and keep on trying and I did it with his help. It made me a better person of my self. So everything that your saying about him is not true. if only you take a little of your time and sit down and have a talk with him you well see how much he has changed.

I have numerous letters and quotes like this.....about who I am and 100 photos....I am writing this verbatim as written by his own hand. This is from Reggie I will send the hard copies put his photo with this.

Dear Judge Larimer,

My name is Reginald Owens, register #50640-198. I am a 59 year old African American currently serving a 33 year sentence for armed bank robbery. I am 2 weeks shy of entering the 23rd year of my incarceration having never once received any type of disciplinary shot, write-up or rules violation. I have been an active member of the Christian Community. I am a current member of the gospel choir here at FMC Lexington. Prior to my voluntary transfer here, I served as the Worship Leader for the Christina Praise & Worship Team for 6 years at FCI Lompoc. I have also been employed in the Unicorn Prison Industries Business Office for the past 19 plus years.

I am submitting this letter as a character reference for my good friend & Christian Brother, Chad Marks. I have known and fellowshiped with Chad for the past 8 months. I am a witness to the fact that he is A God fearing Christian, & by no means any type of racist, hate filled or gang related individual. In fact, he is just the opposite. I have watched him share the love of Christ with any & everyone he encounters. He has selflessly sacrificed hours upon hours of his own time helping others, myself included, to research cases, type briefs or other motions in effort to help us seek relief for what has far too often been recognized as overly harsh federal sentencing. The work he has put in for others has been out of the love & kindness of his own heart with no monetary gain or promises to be won.

Your Honor, the purpose of this letter is to debunk a picture of my Christian Brother painted by the prosecutors in effort to slander Chad's character. I find these accusations to be not only ludicrous, but flat out lies. Chad has fellowshiped with, associated & assisted those of various ethnic backgrounds, African Americans & Hispanics included. The God we serve is a God of love, forgiveness & second chances. Chad is A prime example of all three characteristics. In my heart I know he is sincere. Not even the greatest Oscar winning actors could forge an act so consistently over such a long period of time. Chad has proven his genuineness & remorse for the lack of good judgement which brought him to prison. I pray my words help paint a true picture to you of the real Chad Marks, & refute the diabolical efforts of the prosecutors to paint my brother's good character, A man deserving of a second chance. God Bless You.

Sincerely,

Reggie D Owens

WRONGFUL CONVICTION: 25 YEARS FOR 51.5 GRAMS OF OXYCONTIN

DR. MASOUD BAMDAD

I need your help. Recently, the Ninth Circuit denied to give me two point reduction of sentence based on 2014, 782 Amendment by sentencing commission, which at least cut 5 years of my 25 years unjust sentence and conviction, which was obtained by violations of my civil rights under the 4th and 5th Amendments by the DEA agents.

Later, I discovered that my indictment is also defective, which divested the jurisdiction of the convicting and sentencing court as well. The courts consistently ignore my claims or sidestep them, because they very well know that they should release me and some one will be responsible for destroying me and my family lives.

As a doctor who was wrongfully convicted by a duped jury for distribution of only 51.5 grams of oxycontin, I was sentenced to 25 years imprisonment including other punishments such as forfeiture and fine. I received this because I properly challenged the courts and showed that they are corrupt. I need your help, I need help from outside of prison. Please help me and my family. I don't ask for much. I just need the courts follow the rule of law and Constitution.

Please see www.freedomforbamdad.com, and publicize my case. Let the senators and representative of house know about my case. The judges who preside on my case need to be impeached, why they don't follow the well-settled law. Spread my case and let whoever including journalists who seeking the truth understand my case and corruption within the justice department. Maybe publicly help me.

EQUAL JUSTICE UNDER LAW MARCH 13, 2019 FOR IMMEDIATE RELEASE

by Chad Marks

"EQUAL JUSTICE UNDER LAW" is etched onto our nations highest court. The first Step Act made changes to some of our nations most draconian sentencing laws, but three of those changes are not retroactive. Many non-violent drug offenders sentenced to life are still sitting in prison after decades and will remain there if a Second Step does not make the First Step Sentencing Reforms retroactive. This should include changes to make the racially discriminatory 924 (c) stacking law retroactive.

When we speak about Equal Justice Under Law we must not just speak it, but we must live by it. Now is the time to bring that equal justice to the men and women who have been suffering behind bars. There comes a point when there is nothing left to gain but punishment. When the rehabilitation has been done what purposes is served by over incarceration. When we over incarcerate we waste valuable resources and tax dollars. Is this being smart on crime?

The people that are making their bid for the White House should be questioned on whether or not they plan to make each and every aspect of the sentencing reforms in the first Step Act retroactive. Do the Democrats believe in second chances for everyone? We know President Trump has moved the needle on reform and we know that he has the power to push to make his first Step Act changes retroactive to embody EQUAL JUSTICE UNDER LAW for all citizens of this great nation.
